Your tutors:

Your tutors are engineers and physicists with wide applications experience in electromagnetic design, as well as in-depth knowledge of Opera. Their practical design skills include motors and generators, superconducting and resistive electromagnets, magnetizing fixtures, electron and ion beam sources, magnetic and electric signature mitigation, and non-destructive testing.

Venue:

Your course will take place at Cobham Technical Services, 24 Bankside, Kidlington, Oxford OX5 1JE, UK. Kidlington is a suburbian town situated 8 miles outside of Oxford city. We can help you with accomodation bookings.

Cancellations and transfers:

Cobham Technical Services reserves the right to change, postpone or cancel at short notice any part of its published programme. In the event of a cancellation a full refund will be made of the registration fee.

Cancellation by the delegate must be received in writing. Cancellations and transfers received up to the 15th working day prior to the event will be subject to a 20% charge of the invoiced course fee + VAT. After this 15 day deadline transfers can not be accepted and cancellations will be subject to payment in full.

Please contact our offices for pricing information

Please tick if you are not happy to receive further information regarding Cobham Technical Services products or services via email. It is our policy NOT to supply your details to third parties.
